Process description

Service requests

To register the service, submit:

- application for inclusion in the SRS single database (register);
- a list of the employees of the conformity assessment body - specialists who perform conformity checks and copies of the educational documents issued to such persons regarding the relevant technical education or vocational education or professional qualifications;
- a statement of the existence of adequate technical collateral for quality checking of cash registers, hybrid cash registers, cash systems, specialised devices or equipment models, modifications and versions of their programmes;
- information on the permanent sites (departments) in which compliance checks will be carried out;
- existing contract (copy) proving civil liability insurance;
- statement of compliance for management of tax risks in servicing as per the requirements noted in the operation of the In-depth Cooperation Programmme;
- description of methods and standards used to verify program version;
- a statement that the conformity assessment body will not disclose the information resulting from professional activity to third parties.

The application and documents shall be submitted using the SRS Electronic Declaration System.

Receipt of services

SRS publishes the information on its website.
